

2026 THEME WEBINAR 2: From Model to Institution: Designing Credible National Infrastructure Financing Institutions

SEÇİL YILDIZ
Executive Vice
President,
Development &
Investment Bank of
Türkiye

Seçil brings frontline development banking experience, offering insight into how mandate clarity, balance-sheet discipline, and capital mobilisation operate in practice. Her background across investment banking and development finance informs a pragmatic view of institutional design and market engagement.

2026 THEME WEBINAR 2: From Model to Institution: Designing Credible National Infrastructure Financing Institutions

**DR. CARTER B.
CASADY**
Senior Research
Engineer,
Stanford University

Dr. Casady brings a governance and long-term investment perspective grounded in research on infrastructure finance and sovereign development funds. His work examines how institutional design, mandate discipline, and collaborative capital structures shape credibility and durability within PPP and national financing ecosystems.

2026 THEME WEBINAR 2: From Model to Institution: Designing Credible National Infrastructure Financing Institutions

WILLIAM STREETER
Independent
Infrastructure
Finance Specialist

William contributes a capital markets perspective shaped by over four decades in infrastructure finance and municipal bond issuance. He brings insight into how governance standards, reporting discipline, and capitalisation structures influence investor confidence and long-term institutional credibility.

2026 THEME WEBINAR 2: From Model to Institution: Designing Credible National Infrastructure Financing Institutions

**DR. ANDRE
PERMANA**
Acting CEO,
Indonesia
Infrastructure
Guarantee Fund

Dr. Permana offers a sovereign risk and guarantee perspective, highlighting how risk-sharing mechanisms and contingent liability management affect institutional sustainability. As acting head of Indonesia's Infrastructure Guarantee Fund, he provides practical insight into designing platforms that strengthen fiscal resilience while mobilising capital.
